Colour consultations (virtual & in-person)

How to prepare yourself for the consultation

Please send the following to bookings@uselesswardrobe.dk **no later than 24 hours** prior to our session.

- Please send 5-8 photos of yourself wearing different types of colours: it being warm (yellow/golden), cool (blue-based), neutral (beige, black, white etc.) or just any different colour you can get a hold of in your home - it doesn't even have to be a top you can wear, it can be a blanket, a pillow, a piece of paper. Just make sure to place it under your chin so I can see how the colour reflects back on your face in the photos. **IMPORTANT:** photos **MUST** be taken in natural daylight in front of a window, so I can clearly see your eye colour, hair colour and skintone
- **NB:** for in-person consultations you do NOT need to wear the different colours mentioned above in the photos, I'd just need a photo of you where I can see your skin, hair and eye colour so I have a rough idea of your look before you arrive

For the consultation please have the following prepared:

- Bring 3-4 tops in colours you already have in your wardrobe
- For virtual consultations it's extra helpful to be seated by a window in natural daylight for our session so I can see your skin, eyes and hair as clearly as possible (not a must as the analysis would mainly be based on the pictures you send me)

You will have the opportunity to order a personal fabric swatch wallet with 30-42 different colour swatches after our consultation, based on your dominant colour type (**this is included in the price for in-person consultations**). I highly recommend this, as it will come in handy as a guideline for shopping both clothing and makeup in the future. The wallet will be ordered and shipped directly to you - therefore, I kindly ask you to be aware that customs/duty charges may apply.
